Showing Your Thong Is So Y2K - Here's A Modern Solution

Category: [Fashion Solutions](#) [Tees](#) [Underwear](#)

What: [Hip-T](#) , \$19.95

Why: Enough is enough. It's time to lay off the crack. Not only is it bad for your image, but it's hurting your friends, neighbors, and that poor stranger stuck behind you when you bend down to tie your shoes.

So staging an intervention are the lovely ladies of [Hip-T](#), a new product that offers lower waist coverage when your shirt falls short of expectations and your pants drop way below average. This cotton wrap, worn around the mid-section, creates a layering effect underneath your favorite shirts. Instead of searching for extra long tees and camisoles that will keep you covered up, Hip-T solves the problem by offering the coverage of a longer tee only where it's needed. And there's a bunch of fun [colors](#) and [patterns](#) to choose from.

I instantly fell in love with mine the minute I put it on. It saved me from embarrassing thong exposure and kept my pants from going south. The wrap is cut on a slight angle that aligns with the hips, so it stays perfectly in place at all times, and in all positions.

I firmly believe this indispensable gem should be mandatory for every celebrity in Hollywood. Especially Britney Spears. Maybe she should wear two at a time. And carry a third in case of a crack relapse.

But I digress. Just say yes to Hip-Ts and end reverse cleavage forever. That means you, Spears.

This is such a good idea! I would love to win because I am always self-conscious about this area of my body. Thank you!

By Shannon on 2008 01 25

I have been wanting one of these - just haven't cracked down and bought one!

By Cat on 2008 01 25

I have been watching these pop up all over the web! They are cute and practical...and serve a great purpose! I'd love to win!

By Stephanie on 2008 01 25

this would be a great addition to my closet full of cute but "just a bit too short" tops!

By Jess on 2008 01 25

I love the bella band while I'm pregnant so this will be great afterwards!

By Amy on 2008 01 25

I'd like to win a hip T. I'd like to win because i've never been ti this site, and my boyfriend an I got into many arguments about me showing my "crack", I don't believe people pay these, much attention, but i guess i was wrong!

By Michelle Ray on 2008 01 25

I would love to win a hip-t because they serve a dual purpose-- you can use them as a layering item so you don't have to always buy two sets of tees to layer!!

By schmaltzy closet on 2008 01 25

I would love a hip-t so that I could revive some of those cute, shorter tees I shelved when I realized I couldn't sit down in them!

By Katie on 2008 01 25

I'm nursing my six month old son and none of my shirts are long enough!

By Naomi on 2008 01 25

I really want to win a hip-t because I would like to wear some of my cute tops to school (I am a third grade teacher), without worrying about my students seeing all of my ass-ets!

By Lynn Rubin on 2008 01 25

So cute, I have a lot of shirts that I could wear again if I won.

By megan on 2008 01 25

I would love to win one of these. I would give it to my good friend who we have nicknamed BC. hahaha

By Wendy on 2008 01 25

I have so many cute shirts that are too short, and this would allow me start wearing them again.

By Lisa C on 2008 01 25

What a fantastic idea! I want one!

By Paige on 2008 01 25

I *need* one of these. My awesome new skinny jeans have turned out to be ass-some, if you catch my drift. With a hip-t, I could stop yanking at

my jeans in public!

By NB on 2008 01 25

I wore one when I was pregnant and loved it. This is defy a great non pregnant version, plus the lace makes it more fem.

By Erica on 2008 01 25

Amen to all the too short shirt comments... crack is ALWAYS hanging out.

By Nic on 2008 01 25

I'd like to win because I stink at doing laundry and always shrink my shirts! lol

By Taryn on 2008 01 25

This would allow me to stay in my normal clothes for a little while longer before I have to switch to maternity ones!

By Karen on 2008 01 25

WOW what a great idea. I've never seen this before and would love to try this out and tell everyone how great this product is. I truly hope that I win one!

By GINA COLLINS on 2008 01 25

My shirt always pulls up when I am carrying my 2 year old. One of these would help avoid tummy flashes..

By Michele on 2008 01 25

I would love to cover up my love handles! This looks awesome!

By Chris on 2008 01 25

My wife would love one of these. She had something similar when she was pregnant with our daughter.

As a teacher, she is always looking for longer shirts so she is not accidentally showing anything off to the students while rasing her arms and working on the white board. This would be perfect.

By Brett on 2008 01 25

My daughter would love this! She just loves pink! It would soothe this mother's heart not to get a peek of my daughter's panties each time she bends over. Help a mother out.

Thanks

By shay on 2008 01 25

So innovative! Sadly put away in storage all my favorite T-shirts that are just way too short. After I had my beautiful baby daughter, I am too conscious now about baring my mid-section.

By Camille on 2008 01 25

This is pure genius!

By Julie C on 2008 01 25

I'd love to win - there are days I'm afraid to bend over if I drop something!

By Hestial on 2008 01 25

this is great and would definitely serve me right as I'm still trying to lose the "baby weight"

By lise on 2008 01 25

DD can use this

By Michelle Rosborough on 2008 01 25

I love this! I think I should win because ever since I had my baby my jeans button but they are just to low and I need something to cover this

crack!!

By Kim on 2008 01 25

I have seen these and would love to have one to bridge the gap between top and bottom

By lace on 2008 01 25

oh man, what a great idea....nothing is worse than worrying about sitting down.

By Maggie on 2008 01 25

I am tall and jeans are always too low. i could really benefit from this product. thanks for the entry.

By Mary on 2008 01 25

I think this is one of the stupidest looking things I have EVER seen!

By Meredith Peters on 2008 01 25

Awesome! I can quit my second job as a plumber haha 😊

By Natasha on 2008 01 25

I love this! I could really use it to cover the "now it doesn't fit cause it just isn't the same since havin a baby" waist on my pre-pregnancy jeans.

By Amanda Kaminkas on 2008 01 25

At my age I need to look hip! thank you

By Marilyn Wons on 2008 01 25

This is cool.

By Shannon Baas on 2008 01 25

I would love to win this because I have a closet full of shirts that are too short in the midriff since I had my son! If I had one of these, I'd have a whole new wardrobe! Thanks for the awesome chance to win one!

By Sara L. on 2008 01 25

That is the most innovative piece of clothing I've seen in ages. I hate flashing panties to strangers.

By ezmerelda on 2008 01 25

This is great! I hate when my shirts are not long enough!

By Regina Hershberger on 2008 01 25

awesome..I love it!!

By Tiffany G on 2008 01 25

By susan varney on 2008 01 25

By stacey moore on 2008 01 25

How nice, My niece would love this.

By bob keck on 2008 01 25

great idea...i need one!!

By Jessica Harrison on 2008 01 25

It's kind of like a "belly bra" ! I want one so I can wear my low-rise jeans with a lot more confidence that I'm not flashing.

By Phyllis Silverstein on 2008 01 25

This is great! Thanks

By Shay on 2008 01 25

I'm a teacher and this would be awesome for when I'm bending over working with kids..no more flashing the kiddos! 😊

By Jenna Hebein on 2008 01 25

I'd love to win this, cause I hate when the shirt is just a little too short and the pants are a little too low, and I spend all night pulling my shirt down to make sure my undies don't show, or worse! Thanks for sharing!

By Christi on 2008 01 25

I would love to have it because it would expand my wardrobe!

By Rachel on 2008 01 25

Cant say that im exposing my backside, but i definitely dont like showing off my belly!

By Jen B on 2008 01 26

After having twins this year, my cute tops don't cover my not so cute waistline :(This would help me not to have to purchase a whole new wardrobe right now 😊

By caroline Schaffer on 2008 01 26

I would love this, I'm always really self-conscious about my underwear showing, so I'm always trying to pull the back of my shirt over my jeans. Cute idea!

By Traci on 2008 01 26

I didn't even know they made such a thing. It is pure genius 😊
Hadn't seen those before. They would be great.

By veronica sandberg on 2008 01 26

Hello! I have been trying to win one of these!
They are a great concept. I have shirts that for my age are too short and I would enjoy having one of these are wearing my shirts again. Thanks, Cindi

By Cindi Hoppes on 2008 01 26

this is exactly what I need.

By Sylvia Belle on 2008 01 26

This would be perfect for my daughter. She has a constant problem with showing more than is needed.

By Tina Rath on 2008 01 26

I am very tiny, and most hipster type pants that fit me every where else, are huge in my waist, this would solve many a problem for me!
Thanks for the chance.
